

# SAME DAY NATIONAL WAR MEMORIAL TOUR

**National War Memorial:** The first talk about a National War Memorial started in 1960 when the armed forces of our country requested the government for the commemoration of fallen soldiers at a War Memorial. However, the project never really took off. Followed by a persistent demand in the year 2006, the UPA government formed a committee to overlook the demands of armed forces. In 2015, the current NDA government approved the construction of the memorial near India Gate, honouring the sacrifice of soldiers during multiple wars. Although the memorial was slated to open in August 2018, it was finally inaugurated on February 25, 2019.
